

Touch Point® Foam Soap & Dispensers

Touch Point® soaps feature a precise selection of formulas in efficient dispensing systems to meet your needs. Touch Point® Foaming Soap products are formulated to provide a thick, pleasing, luxurious foam while using substantially less soap per hand wash than lotion alternatives.

Key Features

- One of the most durable dispensers on the market
- One pump foam solution provides up to 3x the washings vs lotion soaps
- 1785 hand washes per foam refill cartridge
- No-drip pump provided with every refill to eliminate clogs and drips
- Locking feature
- Vertical swing doors
- Mounting hardware included

Promote wellness in your facility with effective and efficient hand hygiene solutions.

Applications

- Washrooms
- Kitchens
- Any Handwashing Station
