Certainty® Child Care Baby Wipes

Applications

Hands, Faces, and Bottoms

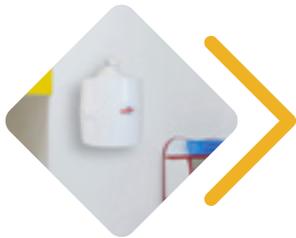

Wipe Dispensing System Features + Benefits

Infection Control

Single use wipes prevent the risk of cross contamination and help stop the spread of illness. They eliminate the need for washcloths that may contain harmful bacteria and only the wipe pulled is touched, ensuring maximum hygiene.

Waste Management

Wipes are dispensed one at a time, reducing waste and overuse. This helps curb the excessive overconsumption of paper towels.

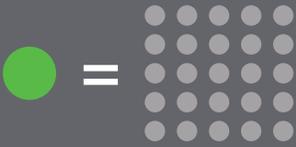

Centralized Station
Place in shared spaces for easy access and convenience.
