Customized service through the companies you know and trust.

- Microfiber Floor Care
- Disposable Microfiber
- Microfiber Towels
- SPHERGO® Flat Surface Cleaning System
- SPHERGO Pop®
- SPHERGO SWIVEL™ Mopping Tool
- Virtu-Clean™ Disposable Cleaning Pads

# NOTHING CLEANS BETTER

## What is Microfiber?

Soft, ultra-absorbent polyester (80%) and polyimide (20%) fibers are split until they are thinner than silk. Microfiber pads average 200,000 microfilaments per square inch. One strand of MicroWorks® Microfiber is several hundred times smaller than a strand of cotton. The wedge-shaped, lint free, hypoallergenic microfibers lift and trap dust, grime, and moisture without harming/scratching delicate surfaces.

## How Does Microfiber Work?

To be effective as a cleaning product, it has to be split microfiber. If it is not split during manufacturing, it isn't much more than a very soft cloth. One way to determine if the microfiber is split is to run the palm of your hand over it. If it grabs the imperfections on your skin then it is split. Open spaces in the fibers are created during the splitting process, which makes microfiber an effective cleaning tool. Microfiber provides a higher level of surface area, ideal for more efficient cleaning.

Microfiber fibers are positively charged. Dirt and dust are negatively charged so they are attracted to microfiber like a magnet. The microfiber holds on to the dust and dirt until it is released in the laundering process or when it is rinsed out.

If you were to look at a cross section of split microfiber, it would look like an asterisk. The split fiber working in conjunction with the space between them is what does the cleaning.

**Cross sections:**  
Image (A) is microfiber thread, image (B) is cotton thread; microfiber leaves little or no residue, unlike cotton

**Greener** - Uses 95% less water and chemicals than a traditional cleaning system. Durable pads launder for reuse, reducing solid waste.

## Benefits of Microfiber Products

- Highly effective at removing dust and bacteria
- Lifts and traps dirt
- Perfect for both wet and dry applications
- Eliminates streaks, reducing cleaning time; low lint
- Cleaning solutions go further, longer use between tasks
- Color coding helps reduce potential cross contamination
- Scratch free/non-abrasive material
- Very absorbent; absorbs up to 7 times its weight
- Machine washable - withstands hundreds of washes (Do not use chlorine bleach or fabric softener as they will break down the integrity of the cloth)
- Will last 5-10 times longer than conventional materials
- Microfiber cleans more efficiently, reducing labor and chemical costs

### MicroWorks® Microfiber Handles and Frames

- Swivelling head can be locked into place
- Velcro® strips and handle connectors are replaceable
- Frames available for the 18", 24", and 36" Velcro® pad backing

Velcro® strips keep microfiber pads in place during cleaning and are replaceable to save you money!

# SIMPLE DESIGN. PROFOUND IMPACT.

For any flat surface cleaning/  
dusting application especially  
for "hard to reach" areas:

- Floors
- Walls
- Windows
- Mirrors
- High Capacity Cubes
- Display Counters
- Bar Tops
- Warming Devices
- Ice Machines
- Vent Hoods
- Food Display Cases
- Appliances
- Desks
- Pictures/Signage
- Book Cases
- Dressers
- Tables
- Baseboards
- Shelves
- Blinds
- Escalators
- Airplane Tray Tables

## The Revolutionary SPHERGO® Flat Surface Cleaning System

The SPHERGO® surface-cleaning base tool together with MicroWorks® microfiber cleaning pads – was developed specifically to address problems presented by using traditional rag cleaning and wiping systems for flat surfaces.

Musculoskeletal disorders (MSDs), including back and trunk injuries, carpal tunnel syndrome, bursitis, and tendonitis, are cumulative "ergonomic injuries" that commonly occur in workers in the cleaning and sanitation industry. The costs of MSDs to businesses can be massive in both human and financial terms.

### Why SPHERGO®?

While manual cleaning with rags can be effective, the process requires a great deal of wrist motion and physical bending for extended periods. Rag cleaning results in the highest rate of fatigue and potential for MSDs. The SPHERGO® Surface Cleaning System is an ergonomic breakthrough, developed through extensive research and testing to address the physical challenges of manual cleaning of flat vertical and horizontal surfaces (walls, floors, mirrors, windows, etc.).

**MSDs** account for 33% of occupational injury and illness cases.

- When used with the telescoping or extended reach pole, the flat pad surface rotates around the ball handle, dramatically minimizing the wrist motions, repeated torso flexion, and straining movements that can lead to MSDs
- Tested according to REBA (Rapid Entire Body Assessment) guidelines, the SPHERGO system was found to lessen flexion, extension, and radial/ulnar deviation when cleaning, compared to the results when using a standard rag or mopping system

■ **Patent-pending spherical ball handle** is engineered for optimal ergonomic comfort, allowing a more neutral positioning of the wrist for greater comfort and productivity while minimizing musculoskeletal stresses common to manual cleaning processes.

### SPHERGO® Flat Surface Cleaning System

- Faster and more efficient – greater surface area is cleaned in one motion
- Improves productivity, reduces fatigue, Increases job satisfaction
- Medium base tool for use with 5" x 11" microfiber flat pad for horizontal and vertical flat surfaces (counters, walls, windows, etc.)
- Large base tool for use with 5" x 16" microfiber flat pad and telescoping handle for floor care
- Lightweight: SPHERGO® medium tool plus pad weighs less than 0.5 lbs; SPHERGO® large tool plus telescoping pole w/socket weighs less than 1.5 lbs
- Hook and loop fabric for attaching microfiber pad
- Tools can be incorporated into existing microfiber protocols

■ **Spherical ball** easily attaches to poles by popping it into the socket.

■ **Telescoping pole w/snap-in socket** adjusts up to 62" for floor applications. Larger collar at the pole adjustment point offers an easy to hold, comfortable, and ergonomic grip.

■ **24" extended reach pole w/snap-in socket** for hard-to-reach areas.

### MicroWorks® Flat Pads for SPHERGO® Surface Cleaning System

- Microfiber flat pads clean more effectively and hygienically than other materials; leaves no residue
- Can be used on any hard surface
- Color coded to reduce cross contamination
- Lifts and traps dirt for optimal microbial reduction
- Scratch free/non-abrasive
- Can be used wet or dry
- Very absorbent
- Launderable hundreds of times

# SPHERGO POP® – Companion Cleaning Tools to the SPHERGO® Flat Surface Cleaning System

SPHERGO POP® cleaning tools can be used with the SPHERGO® extended reach pole or the telescoping pole to eliminate awkward bending and help clean those hard to reach places.

## SPHERGO POP® Surface Cleaning Tools

### PRESS n' GO™

- Cleaning tool with levers that “pop” the soiled microfiber cleaning pad off when finished with use
- Ideal size and 360° rotation for tight and confined spaces in the home, restrooms, utility rooms, lunch rooms, and more
- No touch minimizes cross-contamination from soiled pads to other surfaces or persons

### TUCK n' GO™

- Cleaning tool designed for use with almost any disposable wiper
- Allows you to remove the soiled wipers without touching them
- Accommodates most disposable or reusable wipers; designed for use with 8"x11" wipers, but will fit any wiper that can be folded to size

Item #	Description	Selling Unit	Case Pack

## SPHERGO POP® Dry Cleaning Cloths

- Use for wiping, dusting, cleaning counters and floors
- Soft and strong; herringbone pattern attracts and traps dust, dirt and debris
- 8" x 11", 100% Polyester duster folded to fit Sphergo Pop® TUCK n' GO™ tool
- Convenient 64 count bonus pack has resealable lid for sanitary storage
- Can be used dry with or without tool

Item #	Description	Size	Case Pack
N-SPH-DO664	Dry Cleaning Cloths	8" x 11"	64/bx - 6 bx/cs

SPHERGO POP® tools offer no-touch disposal of soiled cleaning pads. No-touch disposal minimizes cross contamination and transmission of pathogens and germs from soiled pads to clean surfaces or other persons.

# Ease of motion. Better reach. Easier cleaning.

## SPHERGO SWIVEL™ Mopping Tool

**Innovative mop handle eases wrist strain. Ease of motion, better reach make life easier for cleaning professionals.**

Repetitive stress injuries (RSIs) are a hazard of working as a professional cleaner, but it doesn't have to be this way. The Sphergo® line of ergonomic surface cleaning tools continues to improve working conditions for these vital members of the workforce with the new Sphergo Swivel™ mopping tool, specially designed to reduce RSIs.

- The Sphergo Swivel™ unique curved pole positions the mopping tool and body in a less stressful posture to reduce repetitive strain injuries
- Rotating ball handle allows for improved grip and control
- The curved pole paired with rotating ball on the handle allows for effortless smooth mopping “S” motion
- Sphergo Swivel™ curved pole allows for farther reach underneath low-clearance obstructions like beds, chairs, and desks relative to a tradition straight mop while eliminating awkward bending. Trapezoid frame design provides easier access into corners and along baseboards
- The base’s rounded edges help prevent any damage to sensitive areas such as wood trim or wooden furniture legs
- Replaceable hook and loop strips
- Light Aluminum frame.

**Rotating ball handle** allows for improved grip and control.

**Curved pole** allows for farther reach under beds, chairs and more.

**Trapezoid frame design** provides easier access into corners.

2505-SWPOLE	Sphergo Swivel™ Aluminum Extension Pole	1 ea	12/cs
2505-SWBASE	Sphergo Swivel™ Aluminum Base for 18"-20" Pads	1 ea	12/cs
SPH-SWKT	Sphergo Swivel™ Starter Kit (1) Aluminum Extension Pole, (1) Aluminum Base, (12) Virtu-Clean™ DC pads, (12) Virtu-Clean™ DCS pads	1 kit	1 kit/cs

The Sphergo Swivel™ pole and base combination can be used with any 18"-20" disposable or reusable microfiber flat pad, but we recommend pairing Sphergo Swivel™ with the Virtu-Clean™ line of disposable cleaning pads for even more efficacious cleaning and less worker strain! These specially engineered pads are designed to reduce friction while maximizing cleaning results and coverage area.

# Cleaning is a Virtue with Virtu-Clean™ Disposable Cleaning Pads

## Virtu-Clean™ Disposable Cleaning Pads

### Charge once, even coverage, and a cleaner floor.

Not all cleaning pads are equal. Absorbency rates, release rates, coverage, and linting can vary greatly, significantly impacting the finished product. Virtu-Clean™ Disposable Cleaning Pads are specially engineered for critical environments, giving you maximum coverage, cleaning, and convenience. Our disposable, single-use mop pads check all the right boxes – they hold more liquid, release that liquid at a controlled rate over a larger surface area, and reduce friction for more effort-free cleaning.

#### VCU | Virtu-Clean™ Universal Disposable Cleaning Pad

- USP <97> Compliant
- Eco friendly manufacturing with no chemical dyes used in the process
- Single use application to reduce risk of cross contamination
- No quat binding
- Compatible with chlorine bleach, hydrogen peroxide, and common disinfectants
- 300-360 sq. ft. cleaning coverage
- Absorbs 9x its weight in liquid
- Superior absorbency and good release provide consistent coverage and cleaning
- Embossed pattern reduces friction for less strain on workers
- Channels efficiently pick up and retain dirt in pad
- Bonded edges improve performance greatly, reducing linting for a cleaner clean
- Polyester backing produces less lint upon removal from base
- Bag in bag packaging for cleanroom application
- Perfect for foodservice and food processing operations, healthcare facilities, cleanrooms, controlled environments, surgical rooms, ICU areas, pharmacy applications, and other institutions

#### VCDC | Virtu-Clean™ DC Disposable Cleaning Pad

Featuring the same performance characteristics of the VCU pad noted above, plus the pads are more environmentally friendly with 50% post-consumer recycled content. The addition of a Velcro® backing also provides a more aggressive hold, making it the ideal choice for walls and ceilings.

#### VCDCS | Virtu-Clean™ DCS Disposable Cleaning Pad w/Scrubber

Same as the VCDC pad, but with built in scrubbers for more aggressive cleaning and stain removal. Holds 7x its weight in cleaning fluid, which translates into a charge-once-and-clean coverage area of 240-300 sq. ft.

VCU

VCDC

VCDCS

Cleaning pads marked with this symbol are environmentally friendly with 50% post-consumer recycled content.

All pad options can be used with most flat mop bases; however, Hospeco Brands Group designed and recommends the pads be used with the new Sphergo Swivel™, for a more complete ergonomic cleaning solution.
