SmartRags Mid-weight Microfiber Cloths

50 count, 16" x 16" • 35 gram • 215 GSM

The Mid-weight SmartRags® dispenser box joins our wholesale microfiber towel collection. Mid-weight SmartRags® boxes include 50 pop-up 16" x 16" microfiber rags with precision-cut seamless edges. Larger than our original 12" x 12" Smartrags, the mid-weight SmartRags are 35 grams and 215 GSM. Mid-weight SmartRags® work perfectly for office supply closets, janitorial utility carts, garages, break rooms, and workshops.
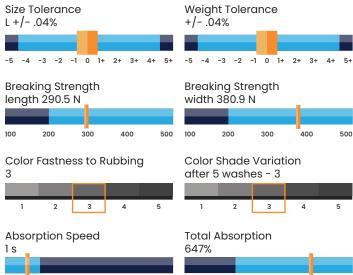

- Industrial and automotive shops need better lint-free options to wipe away heavy grime and oil.
- Office environments value our compact, consumer-friendly packaging. Employees are also prone to wipe-and-toss rather than launder cloths.
- Healthcare facilities are hyper-sensitive to Hospital Acquired Infections (HAIs), so cloths are often discarded after one use.
- Household tasks are no match for SmartRags. Keep a box in the garage, under the sink, and with cleaning products to tackle everyday spill removal, dusting, and oily grime removals.

These microfiber cloth cleaning products are easily color coded, which helps reduce the threat (and perception) of cross contamination.
