

The P.U.P.A Project

Period Partner September/October 2024 donation recipient is The P.U.P.A Project. Period Partner supports this organization by donating over 47,000 period products.

The P.U.P.A. Project (Providing Unlimited Period Access) is a nonprofit organization founded to support young girls and women in need by providing free menstrual care supplies and educational resources.

Recognizing the barriers that inadequate access to period products can create, The P.U.P.A. Project ensures that girls and women have the essentials to manage their menstruation with dignity and comfort. In addition to supplying pads, tampons, and other products, the organization facilitates educational workshops, empowering girls with knowledge about their bodies and easing their transition into womanhood. Through its mission, The P.U.P.A. Project works to eliminate period poverty and foster self-confidence, ensuring that no girl is held back due to lack of access to menstrual care.

Hey!

First off, I just want to say a big thank you for your patience while we gathered this media info for you.
