

Period Patch

Period Patch was established in January of 2015 in an effort to support schools, shelters, food pantries, health clinics, prisons and other organizations dedicated to aiding those in need of assistance with basic living requirements and/or a respite from abuse. We currently deliver products on (at least) a quarterly basis to more than a dozen partner organizations across the counties of Henrico, Chesterfield and Goochland, the City of Richmond in Virginia.

OUR MISSION

Collect in-kind donations of maxipads and tampons, as well as monetary donations to purchase same, and we distribute quarterly to numerous Richmond-metro and surrounding county organizations.

Period Partner donated over 40,000 period products to support their important work.
