Get Better Wet/Dry Grip, Stronger Protection with HOSPECO® ProWorks® Pyramid Grip® Nitrile Gloves *Superior Grasping Power and Enhanced Safety*

CLEVELAND, OH—July 17, 2019—HOSPECO®, a leader in disposable gloves and other protective products, adds high-visibility neon green to its [ProWorks® Pyramid Grip®](#) nitrile glove assortment, known for its combination of protection, dexterity, and grip. The deeply textured diamond pattern on the palm, fingers, and back offers superior gripping power in wet and dry applications. This heavyweight barrier glove combines 8.5-mil palms with 9-mil fingers to deliver protection where the wearer needs it most, and the cuff slims to 5 mil for comfort.

In addition to high-visibility neon green, Pyramid Grip is available in high-visibility orange and stain-concealing black. The extra thickness built into the high-wear areas gives staff the barrier protection needed to confidently attack hot zones where hygiene is most desirable. Pyramid Grip is also ideal for wet-grip foodservice applications and janitorial scrubbing, affording the wearer a defense against contaminants and chemicals while still allowing a tight hold on critical parts, components, and utensils or tools.

Nitrile is a synthetic polymer with many of the same properties as natural rubber latex, but it is free of any latex proteins that can cause skin sensitivity and allergic reactions. Its excellent barrier properties make it the optimal choice for cleaning and maintenance applications. Nitrile is specified for its superior resistance to a wide range of chemicals and is an excellent barrier protection from solvents, oils, greases, and some acids and bases.

HOSPECO's complete line of disposable gloves, which includes nitrile, latex, and vinyl, is part of their complete bundle of products for cleaning and protecting facilities and the people who work there. The entire disposable glove line with details and specifications can be viewed [here](#).

As HOSPECO celebrates 100 years in 2019, the company continues to innovate, offering a full line of cleaning and protection products to serve the janitorial, industrial supply, foodservice, healthcare, and hospitality markets.

About HOSPECO

Founded in 1919, HOSPECO® is a leading manufacturer of personal care, cleaning, and protection products serving the “away from home” marketplace made up of Foodservice, Janitorial/Office Supply, Healthcare, and Hospitality.
